

**REMARKS**

In the Amendment filed July 5, 2007, a typographical error exists in claim 5, line 3. The word "acid" has been inadvertently omitted from the claim. Accordingly, "acid" has been added to the end of the claim via this amendment. Support for this amendment may be found in the Preliminary Amendment filed January 29, 2004.

In addition to the above, there are two minor errors in the Remarks portion of the Amendment filed July 5, 2007. On page 5, line 12, "solvent" should be changed to "soluble" and on page 6, 4<sup>th</sup> line from the bottom, the phrase "... is unable to be solvated in water after milling ..." should be changed to "... is unable to be *insoluble* in water even after milling ...".

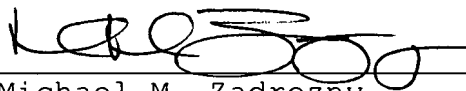

It is respectfully requested the amendment to claim 5 and the correction in the Remarks section of the July 5, 2007 Amendment be entered prior to issuance of the next Office action.

It is believed that no additional fee is due, however, should that be incorrect, please charge to Deposit Account No. 19-2105 and inform the undersigned in due course.
